WORK EXPERIENCE

Lead Web & UI Designer

2022 – Present

TechVision Innovations

- Architected and designed responsive web platforms for 30+ client projects, resulting in an average 35% increase in user session duration.
- Created comprehensive Figma design systems and component libraries, standardizing UI patterns and cutting design-to-development handoff time by 40%.
- Collaborated with front-end developers to deliver pixel-perfect HTML5/CSS3/Tailwind layouts and interactive micro-animations.
- Conducted usability audits and user journey mapping to eliminate UI friction points on SaaS dashboards.

UI/UX & Web Designer

2019 – 2022

Nexus Digital Agency

- Designed user flows, high-fidelity wireframes, and interactive prototypes for e-commerce stores and corporate websites.
- Redesigned checkout processes and product pages, increasing customer checkout conversion by 24%.
- Produced custom graphics, iconography, hero banners, and vector assets for web marketing campaigns.

Junior Web Designer

2017 – 2019

Apex Creative Studio

- Designed landing pages, promotional micro-sites, and HTML email newsletters for varied brand clients.
- Maintained and updated web graphics, typography standards, and responsive grid layouts across client sites.
